

New Site

Author: Eric Weik<ericw@newriversdigital.com>

I've taken down the sadly out-of-date Web site for NorthernNeckCycling.org, and am preparing to build a new site over the next month or so. Check back in March...

Planned feature list:

- Database of routes / rides in the area (with maps)
- Calendar of organized rides
- Web forum (maybe)
- User comments (with optional photos) for routes and rides

The current mailing list will be maintained as-is for the time being.
